SOUNDTRACK

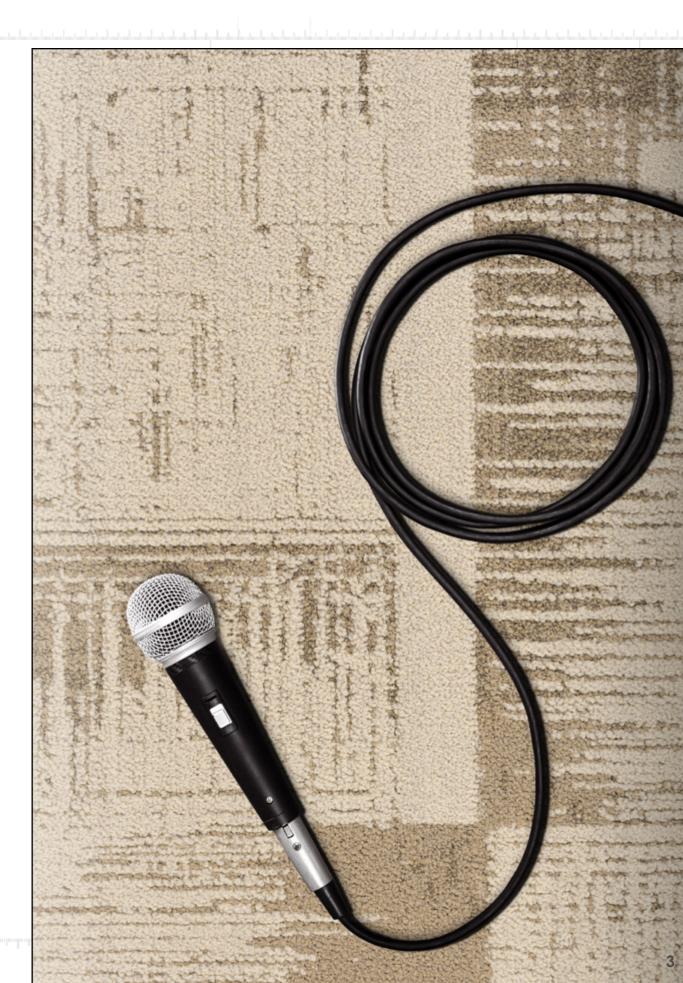

01.

OUR GOAL

Soundtrack Collection is like the musical theme playing in the background. It's the visual accompaniment of our daily life. It fills with harmony the flat flooring surface, with little passionate accents here and there, gentle and delicate when it's about Ambient, rapid and vivid with Folk, stronger and vibrant for HardRock. Just follow the rythm and play with us!

02.

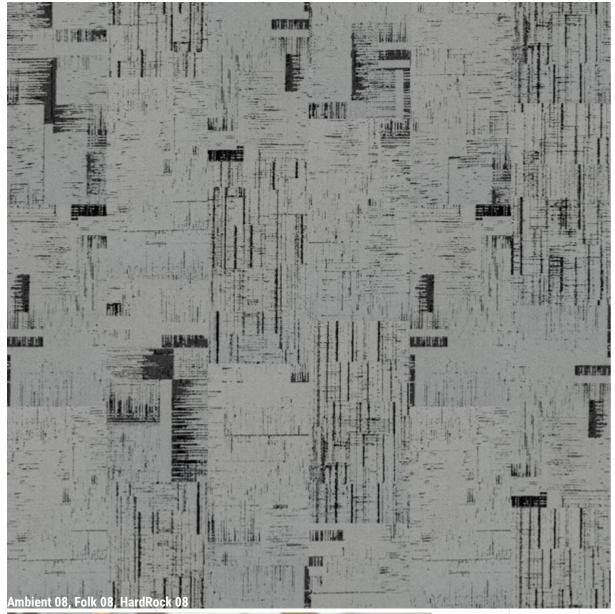

COLLECTION

Play and pause over three different frequencies creates unique patterns in which the sequence of solids and voids are perfectly balanced just like into a melody.

While HardRock provides a stronger rhythmical sequence in which peaks are higher and breaks are shorter, Folk is more balanced and the acoustics more linear whereas Ambien is quiet and its accents stay in a more stable range.

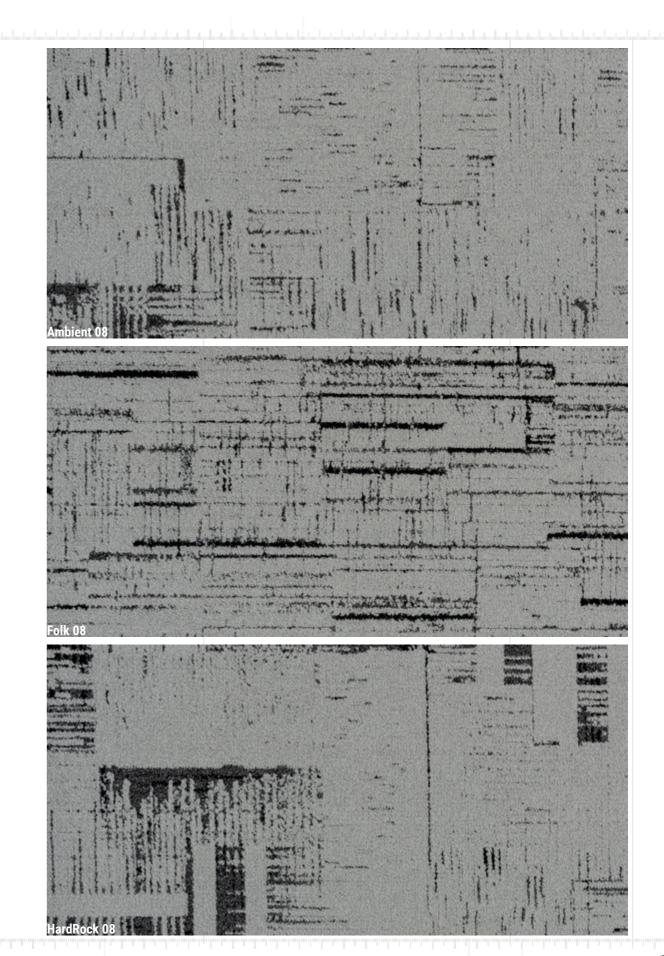

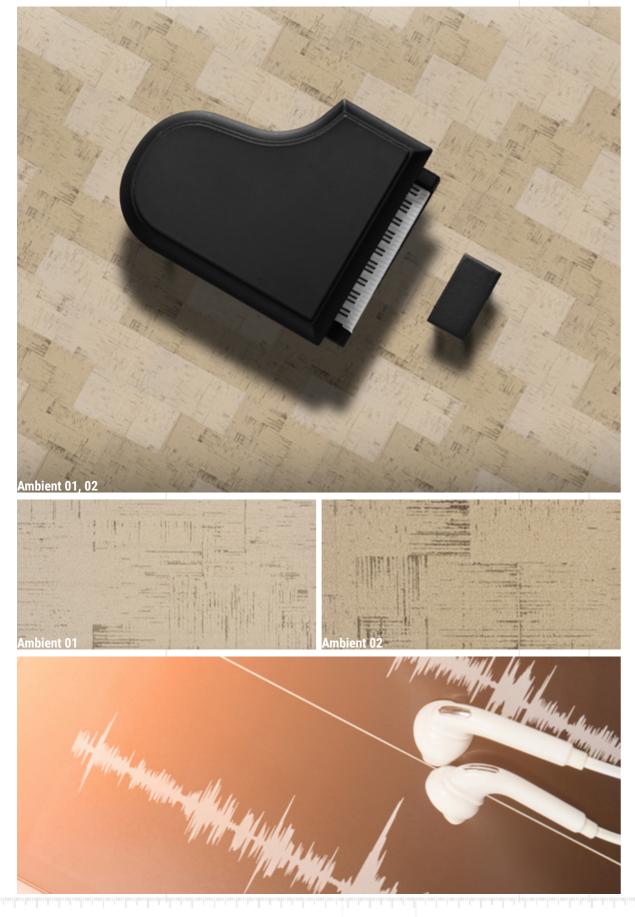

To create a great simphony, the different products of the Collection can be even mixed up together, creating a unique and stylish pattern design to satisfy any possible creative needs.

Specifications

Style Name: Ambient

Multi-level Loop Construction:

Fiber: ECONYL® Regenerated Nylon by Aquafil

1/10" Gauge:

Stitches: 10 per inch Pile Weight: 28 OZ/yd² Average Pile Height: 5.0 ± 0.5mm Backing: EcoAce-Bac® pro Tile size: 50cm*100cm

Commercial – Heavy Duty Area of Use:

Ultra-Fresh Treatment (Available) Anti-microbial:

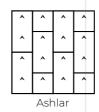

Flammability: ASTM E 648 Class I, GB8624-2012 B1(C)

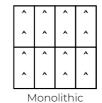

Smoke Density: ASTEM E 662 Less than 450, GB/T 8627-1999

Static Propensity: AATCC-134≤3.5 KV, GB/T 18044-2008

Monolithic

Manufacture System

VOXFLOR builds its own solar power generation system and use clean energy to produce in a sustainable way.

Product Further Info

An Environmental Product Declaration (EPD) tells the life cycle story of a product in a single, comprehensive report. The EPD provides information about a product's impact upon the environment, such as global warming potential, smog creation, ozone depletion and water pollution.

CE marking indicates that a product has been assessed by the manufacturer and deemed to meet EU safety, health and environmental protection requirements.

Credits Contribution to:

LEED (Leadership in Energy and Environmental Design) is the most widely used green building rating system in the world. LEED certification is a globally recognized symbol of sustainability achievement and leadership.

Our manufacture system has been certified under ISO 9001, ISO 14001 and ISO 45001, which means with the management, production facility and the strict quality controls, VOXFLOR® represents qualified and trusty products.

EcoAce-Bac® GLP No.: 100231

Green Label Plus is an independent testing program that identifies carpet, adhesives, and cushion with very low emissions of VOCs to help improve indoor air quality.

Declare is a transparency platform to share and find healthy building products. VOXFLOR's EcoAce-Bac® Collection reach "Red List Free" grade.

VOXFLOR recommends using its own carpet tile tackifier with rust inhibitor. It is an EC-1 PLUS certified adhesive.

Ultra-Fresh is a portfolio of antimicrobial treatments developed by Thomson Research Associates, Inc. Customer can choose this High-Performance Antimicrobial Technology.

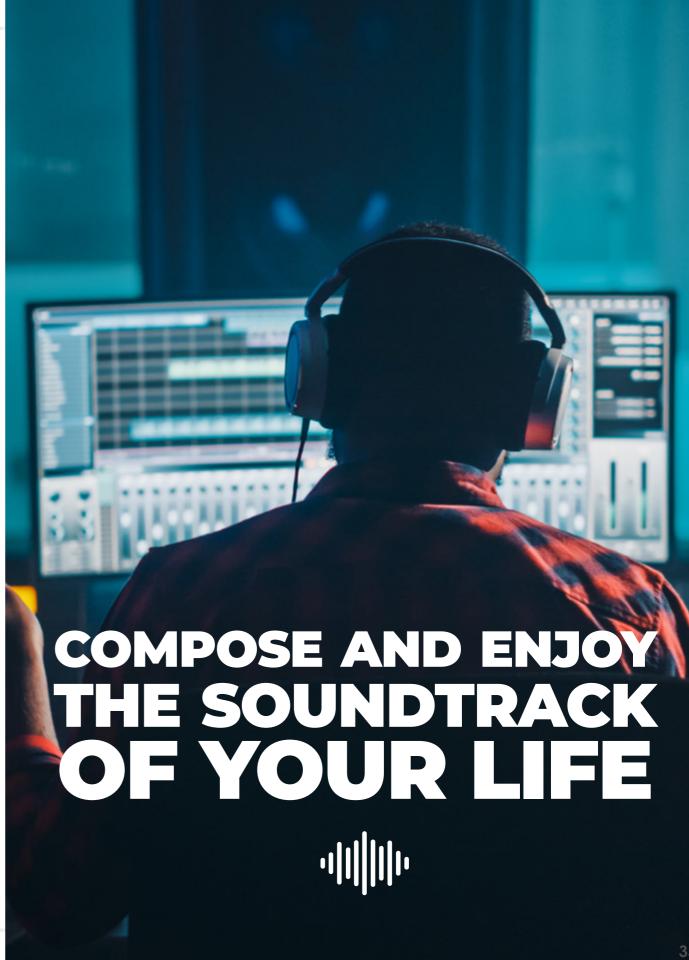

WELL is the leading tool for advancing health and well-being in buildings globally. Register your office, building or other space to leverage WELL's flexible framework for improving health and human experience through design.

IVING BUILDING CHALLENGE[®]

The Living Building Challenge (LBC) is a certification program that defines the most advanced measure of sustainability. It uses the metaphor of a flower because the ideal built environment should function as cleanly and efficiently as a flower.
