WITH NEUTRAL EFFECT

# SPACEWALK

With its multi-level loop construction, Spacewalk 100 resembles a view of the plains, crisp and clear. In Spacewalk 200, there is an additional texture that represents a more mountainous landscape. Spacewalk 300, adds more colors and a rich plush texture, as if one were viewing the earth through fluffy clouds.

**KOSMOS AS ACCENT**

A wide variety of cosmos-inspired characteristics have inspired the choice of colors. Light and soft colors scatter through the texture. Telling a far and contemplative story.

Extended color accents for classic and neutral Spacewalk, play the perfect match, yet, it is more than that. The accent colors are light, fresh, and trendy, taking inspiration from Cosmos. Thus, they can be the dominant in one full flooring. With these colors, there are countless possibilities.
